The Commonwealth of Massachusetts.

OFFICE OF THE SECRETARY, BOSTON, Jan. 29, 1914.

To the Honorable Senate

and the House of Representatives.

I have the honor to submit herewith, in compliance with section 330, chapter 835, Acts of 1913, a report of the number of assessed polls, the number of registered male and female voters at the date of the last annual State election and city and town elections, and the total number of persons, both male and female, who voted at each such election in each city and town, and in every voting precinct of the several cities and towns, together with the number of votes received by each candidate for nomination and for election for a State office, and for election for a State committee.

In further compliance with the law above quoted, I submit the following recommendations:—

First.—The abolition of party enrolment at primaries and the substitution of a single ballot with party columns for the individual party ballot.

Second.—That the number of members of ward and town committees and delegates to be elected at the primaries be limited.

Third.—That an incumbent of a State office may have his name printed upon the primary ballot of the party which he represents as a candidate for such office upon a request in writing filed with the Secretary of the Commonwealth on or before the last hour for filing primary nomination papers.

Fourth.—That no person whose name is not printed on the primary ballot as a candidate for an office shall be deemed to be nominated as a candidate for such office unless at the primary he shall have received a number of votes equal to the number required to nominate him as a candidate for such office to be voted for at a primary.

Fifth. — That the words “written acceptance” in chapter S35, Acts of 1913, shall mean personal signature or signature by power of attorney.

Sixth. — That the name of the city or town in which the candidate resides be added when candidates’ names are inserted on a ballot.

Sections 292 and 293 of chapter S35, Acts of 1913, provide that a voter may vote for a candidate whose name is not on the ballot by inserting the name of such candidate and marking a cross in the square at the right thereof, while in the use of pasters the name of the city or town in which the candidate resides is required.

Seventh. — That paragraphs first and second of section 19, chapter S35, Acts of 1913, be amended so that a person may not be required to produce witnesses in order to establish his right to assessment or to be registered as a voter.

Eighth. — That city and town clerks be required to make to the Secretary of the Commonwealth, within four days after the day of the primary, a return of the votes cast at such primary.

Ninth. — That the time within which candidates for election shall be required to make return of expenses, etc., be extended.

Tenth. — That the term “Independent” shall be permitted upon nomination papers, notwithstanding the fact that an Independent candidate received at the last State election more than three per cent. of the votes cast for Governor, or that some new definition be made as to what constitutes a political party, so that an individual may not usurp the use of the word “Independent” by obtaining three per cent. or more of the vote cast for Governor.

Eleventh. — That the boards who canvass votes for county officers be required to make return of such votes to the office of the Secretary of the Commonwealth for publication in the document containing the votes cast at primaries and elections for other candidates upon the ballot.

Twelfth. — That the date for redividing a city into wards be set forward from July 1.

The law now provides that such redivision may be made in 1915 and every tenth year thereafter before the first day of July. It happens that 1915 is a census year, and the census work, starting several months before July 1, would have as a basis for many of its figures wards which would be non-existent at the time of the publication of the census figures.

VOTING MACHINES.

The State Ballot Law Commission, constituting the State Board of Voting Machine Examiners under the provisions of section 249 of chapter 835, Acts of 1913, is directed to examine voting machines, ballot boxes and counting apparatus, and to file with the Secretary of the Commonwealth their approval in writing of all machines, ballot boxes and counting apparatus which in their judgment conform to the requirements of law, etc.

Acting under this authority, and after published notice, the said officers examined three machines, — all that were submitted to them. Of the three machines examined only one was approved, and upon this the following report was made: —

“In the matter of the application of the Triumph Voting Machine for the approval of the Ballot Law Commission and Voting Machine Examiners: —

DECREE OF APPROVAL.

“The above entitled matter came on to be heard before us upon the application of the Triumph Voting Machine Company for the approval of the voting machine known as the Triumph Voting Machine; and pursuant to the provisions of the statute in such case made and provided, on the 18th day of September, 1912, in our capacity as the Board of Voting Machine Examiners, we made a preliminary examination of said machine to determine how far and to what extent said machine furnished convenient, simple and satisfactory means of voting at primaries and elections, and of ascertaining and recording the true result thereof with facility and accuracy, giving special regard to the prevention and detection of double voting at primaries and elections, and to voting for candidates of more than one political party at a primary, and to ascertain whether such machine secured to the voter as much secrecy in voting as is afforded by the use of the official ballot, so-called; and thereafter on the 3rd day of February, 1913, we caused to be published a notice in the Boston Globe and the Springfield Republican that on the 10th day of February, 1913, we should examine voting machines, and caused said notice to be sent to all persons who had communicated with us concerning voting machines; and thereafter at the time and place assigned we met in pursuance of said notice, and upon the request of the applicant adjourned the examination of said Triumph Voting Machine to the 29th day of March, 1913, upon which day we examined the Triumph Voting Machine as required by the provisions of law. This examination was made in the presence of the representative of the applicant and of the mechanical expert employed in accordance with the provisions of the statute.

“Thereafter, on the 26th day of April, 1913, said mechanical expert further examined said voting machine at the factory of the applicant at Pittsfield in the state of Massachusetts.

"Now, therefore, upon consideration of our examination and of the reports of said mechanical expert, we find that in our judgment said Triumph Voting Machine conforms to the requirements of the law, and we hereby approve said Triumph Voting Machine and file herewith such drawings, specifications and photographs as will clearly identify said Triumph Voting Machine."

This report was transmitted by me to city and town clerks, Sept. 12, 1913, in the following circular:—

"The following report is published for the information of all concerned, especially boards of aldermen and selectmen. In determining the question of adopting and purchasing machines, it should be distinctly understood that the examining commission makes no recommendation for or against the purchase and use of machines, that question being left entirely to the discretion of the several cities and towns. (See section 251, chapter 835, Acts of 1913.)"

NUMBER OF ASSESSED POLLS, REGISTERED VOTERS AND PERSONS
WHO VOTED AT ELECTIONS.

Apparent inconsistencies in the report may be accounted for, in part, as follows: —

First. — The number of assessed male polls includes aliens and other persons who are not qualified to become registered voters.

Second. — The number of registered male voters includes persons who are exempt from taxation and therefore are not included in the number of assessed male polls.

Third. — Many names of voters on the list at the State election are, by reason of change of residence, erased from the list of voters at municipal elections.
